COURSES IN **FINANCE**

Center For Financial Management (India)

Almost everything in business eventually boils down to the dollar sign, "so the adage goes. Hence, irrespective of what his or her primary area of work is, every manager needs a basic grounding in finance. And the need becomes greater as one rises in the organizational hierarchy. Often non- finance executives have an aversion or even fear of accounting and finance. This stems mainly from the lack of familiarity. Years of interaction with non-finance executives has convinced experts that if the basics of finance are explained in a simple and lucid manner, negative feelings turn into positive appreciation. This course seeks to achieve this transformation.

Under the esteemed guidance of Dr.Prasanna Chandra, the Director of Centre for Financial Management – our expert & experienced faculty will conduct Training Courses in accordance with the CFM curriculum. Dr. Prasanna Chandra has been a gold medalist throughout his university career and has five decades of teaching experience in postgraduate and executive education programmes. He has authored over 10 books and written numerous important articles. He was also a Professor of Finance at Indian Institute of Management, Bangalore, for over two decades.

I'm delighted to be a Student of WingsWay Training Institute. Mr. Essa, my Training Solutions Specialist gave wings to my dreams. Ms. Sheetal, my Coach, is a really helpful and hardworking teacher who really wants to fulfill the dreams of her students. It was an amazing journey at WingsWay while learning the Cabin Crew course. I would recommend WingsWay to everyone interested in Aviation & Travel.

Alyazia Alrashdi

First and foremost, I had an excellent experience with my consultant and instructor, who convinced me of the significance of CPP and CPPM Courses. It was a useful training program for two months. They have good training material and content. They always do their best to make everything easy and clear to the Learner. They also have many excellent programs that will help you improve your knowledge and experience on your path to success. I recommend anyone who would like to improve their skills and knowledge, to join WingsWay Training Institute.

Saqib

It was a wonderful experience, and we learned a lot from 2 expert Trainers. I am actually wondering why I did not contact WingsWay earlier during my 5 years in Dubai, - but now I finally got my WINGS attached, and am very hopeful about my career and my future.

Hariharan Ramalingom

Firstly, I would like to thank my Consultant (Training Solutions Specialist) for convincing me of the value and importance of the CPP and CPPM courses and exploring the requirements of them for me and how they will benefit my individual professional growth. The second thing I would like to mention is the Instructor, and the way he approached the Training Sessions was amazing and very appreciable. Since he shares his real-world experiences and expertise with his students, it is more effective than any study material.

Ali Akbar

My decision to be trained and certified for CIPS-Level 4 Qualification through WingsWay Training Institute was really great. I am glad to share that my experience was really amazing because we as students were being supported in all matters. I will definitely highly recommend this institute to everyone, especially those looking for professional qualifications & certifications. Thank You

Aya Jbebli

I'm so satisfied with my Learning Experience at WingsWay. It was amazing, and I want to thank all members of WingsWay Team for giving me this opportunity, knowledge and skills.

Sarang Sreekumar

I trained for the Airport Passenger Ground Services Course. The institute is very good, with a great ambience, and the classes are excellent. The staff, including Sheetal Murthy and Essa, are very supportive. They coordinate well and help with your studies, internship, and everything else. I attended an aircraft visit where I met Mr. Rajesh and Mr. Ghosh, who shared their experience in the aviation industry. We went inside the cockpit and enjoyed the whole session, which was worthy for everyone who was there. I would recommend this institute to anyone who is interested in aviation. You can enjoy learning with Wingsway.

From our Happy Learners!

Value for Money! Ultimate Institute to complete your CIPS Qualification & Training. My trainer for CIPS Level 4 was not only a good Coach but an "Excellent Mentor!" He has a stronghold on the CIPS vocabulary and is highly knowledgeable. He is a perfect subject matter expert who ensured I could pass my exams with flying colors. He gave us sufficient exam preparation sessions to make us fully confident to sit for our exams.

Sharif Khan

As a Procurement professional with 16 years of experience, I wanted to enhance my learning curve with the CIPP/CIPM Qualification & Certification Program. I got in touch with Mr. Sajid from WingsWay Training Institute, and he provided detailed information. His expertise and knowledge of the Course Content was evident in his communication about the Program. The trainer, Mr. Naveen Kumar, was good at explaining all the concepts and clearing my doubts. After successfully passing the exams, I am ready for all future challenges in the field of Procurement. Thank you, to the Team at WingsWay Training Institute, for the excellent support.

Anthony Biney

Being a Cabin Crew member for an Airline was my dream. I searched WingsWay Training Institute and contacted them. Fortunately, I met the criteria and enrolled in January 2022. After two weeks, I started my training course with them, and to be honest, I met a well-experienced instructor, Madam Sheetal Murthy, who gives you every opportunity to clear any doubts/questions and gives easily understandable explanations. I thank WINGSWAY TRAINING INSTITUTE for making my dream a reality, and I will recommend WingsWay to anyone who wants to work in the aviation industry.

Bella Muke

My journey at WingsWay has been amazing, starting from my first contact with Junaid, who guided me through the different courses until he handed me over to my wonderful trainer, Ms. Sheetal. All my PGSA classes with her were insightful, knowledgeable, professional, and enjoyable. After my course journey, I went for an internship at Sharjah International Airport, and I also went for a real Aircraft visit where I got an opportunity to sit in the cockpit. I had wonderful classmates too. I'll miss each and every one of them. Ms. Sheetal was personally helpful to me to pass my IATA exams. Thank you, WingsWay, for adding wings to my career. I'm grateful.

Jeromy Vinoth

I have completed CILT L5 at WingsWay Training Institute, and it has been a great learning experience for me. I can say that my experience with WingsWay has been the best ever! Mr. Essa was my guide and Ms. Sheetal is the most amazing instructor and trainer, who is a beautiful person inside and out. Her lectures and sessions are really interactive. She does not only make us study but also brings her valuable experience to share. It is really and truly amazing as a whole, and the environment is very lively!

Wathone Soe

I am delighted to provide feedback for WingsWay Training Institute on my IATA Ramp Service Certification Course. Ms. Sheetal is knowledgeable and guided us all.
